

March 28, 2018

This special meeting of the Urbana City Council was called to order by Mayor Mitch McDonough at 6:59 pm at the Urbana City Hall. The meeting was turned over to Pat Callahan, CIP consultant. Mr. Callahan described the planning process, tentative time table and outcome of the planning process to the council. A "wish list" was provided by city staff. The list was briefly discussed and items were added by the council. It will be Pat's job to help prepare a capital improvement process that meets the city's goals while being fiscally responsible to the tax payers.
